

WARBURTON ADVENTURE COMPANY

Unearth and experience natural gems in the Upper Yarra Valley on a professionally guided adventure tour. In January 2021, Warburton Adventure Company launched with the purpose of introducing their favourite spots in and around the Valley with visitors who have a sense of adventure and locals who want to explore more of what's on their own doorstep.

Offering half-day, full-day and multi-day adventures in caving, abseiling, mountain biking and river sledding every weekend and throughout the school holidays, and private and custom tour experiences by booking. All adventures can be designed to suit your group's thirst for adventure, level of fitness, group size and budget. Their tailored experiences are suitable for corporate team building, executive retreats, family and friend groups and more. Enjoy a unique nature bound adventure and get wild by nature!

Warburton Adventure Co. is fully insured, is a licensed tour operator with Parks Victoria and an Affiliate Member of Outdoors Victoria. All guides are trained and accredited outdoor adventure specialists with current Working with Children Check and First Aid Training.
